MOHAMMAD ALAWIA

SOFTWARE ENGINEER

+970595533363
MOHAMADALAWIA@GMAIL.COM
BETHANY, PALESTINE

EXPERIENCES

Dynamic software engineering graduate with expertise in logic, problem-solving, and creative thinking. I am eager to contribute technical skills to innovative projects in automation and software development.

PROGRAMMING SKILLS

Java, Spring, Angular, Typescript, Python , C#, React , Nodejs , Sql, Nosql , Postgres, Docker, Flask,Scrum, leet code, problem solving.

PROFESSIONAL EXPERIENCE

-2024(July – September)   **Aurora Tech.**

Full-stack developer internship

- Collaborated with a team of full-stack engineers using Git and Scrum methodologies.
- Integrated front-end and back-end components to create seamless web applications.
- Spearheaded front-end development with Angular and Angular Material to build efficient and scalable interfaces.
- Applied expertise in Schneiderman's golden rules to ensure responsive and user-friendly interfaces.
- Conducted rigorous testing and validation of data to ensure accuracy and reliability.

-2024(May– June) **Technify**

Programming Group member

- Leveraging new architecture such as clean architecture and DDD.
- Full stack development using React, .NET, Postgres.
- Validating data to ensure accuracy and consistency across the project.
- Collaborating with team members on developing a Project Manager system.

-2022(August - September)   **ASAL Tech**
Backend developer internship

- Leveraged training in back-end technologies, encompassing Docker, NodeJS, and Kubernetes.

- Specialized in microservices architecture.
- Proficient in leveraging Docker for containerization.
- Mastered developing server-side applications using NodeJS.

EDUCATION

Bachelor's in software engineering (2019-2023)
Istanbul Okan university
GPA : 3.4/ 4

Certificates

- Nodejs course certificate
- HTML & CSS course certificate
- Leadership for medical students' certificate

LEADERSHIP

- Leader for graduation project (group of 3)
- Leader for Multidisciplinary project (group of 7)
- Carried group tutoring for classmates.

Projects

Social Media Website

A social media MERN stack, where users can comment, like and post, with a great interface.

GitHub https://github.com/Mohammadalawia/social-media-website

Movie website

A movie website with MERN stack.

GitHub https://github.com/Mohammadalawia/social-media-website
